

EMERGENCY INSTANT REPAIR

Thompson's Emergency Instant Repair is a specially formulated, sprayable mastic, for emergency repairs to leaking pipes & guttering.

COMPOSITION

A solution of mineral rubber, asphalt and binder in mixed solvents, packaged in an aerosol.

PROPERTIES

Colour - Black.

VOC Content-Very High (>50%w/v)

Appearance - Aerosol product containing a viscous liquid.

Odour - Characteristic of tar.

AREAS OF APPLICATION

Suitable for use on leaking roofs, guttering, pipes & drains.

PREPARATION PROCEDURE

Give the surface a scrub with a stiff bristle brush to remove any dust, dirt or algae. Give the area of repair a light sand.

APPLICATION

Give the can a really good shake until you can hear the mixing balls starting to rattle. Continue to shake the tin for a further minute. **For small cracks & holes:** Hold the aerosol 45-60cm away from the area of repair. Spray until the whole area is covered. **For larger areas of repair:** Use the scrim bandage to reinforce the repair. Spray a first coat over the damaged area. Embed the bandage into the coating and apply at least 3 more heavy coats.

CLEAN UP

Hold the can upside down and spray for 3 seconds to clear the nozzle.

COVERAGE

A 450 g tin will cover approximately 0.2 m². Coverage is dependent of thickness of the applied coating.

FLAMMABILITY

Flash point 8°C.

Highly flammable.

Keep away from sources of ignition - no smoking.

STORAGE

Store in a cool, dry, well ventilated place away from heat and sources of ignition. Store upright and carefully reseal partly used containers.

HEALTH AND SAFETY

Observe and follow all warnings and instructions for use shown on the pack.

Specific health and safety data sheets are available on request.

SUPPLY

Obtainable from DIY outlets and builders' merchants.

SIZES

450g.

LIABILITY

Whilst these specifications are based on expert technical knowledge and practical experience, we cannot assume responsibility for any work as the ultimate result depends on factors beyond our direct control. Standard codes of painting practice should be followed.

INFORMATION AND SERVICE

Our Technical Services Department will be pleased to offer specific guidance or provide any further information you may require.

DATA SHEETS
